FINAL DEFERRED COMPENSATION REGULATIONS UNDER SECTION 409A

This audio program will take an in-depth look at Section 409A, enacted in late 2004. It imposed an entire new set of rules defining how almost all deferred compensation arrangements can be structured, changed, and documented. Final regulations were issued on April 10, 2007, and compliance is generally required by the end of 2007. By the end of this audioconference, attendees will learn what the changes are from the interim guidance, what arrangements are exempt from 409A, requirements for documentation, elections and changes -- and how to apply this information in their practice.
