Top Fine

- The Czech Data Protection Agency (DPA) fined, Avast, a cybersecurity software firm, **€13.7m.**
 - The fine is for selling users' browsing data, which allowed identification of an individual, without their knowledge or express authorization.
 - The investigation lasted more than 3 years and this is the largest ever issued by the Czech DPA.

Steptoe

Key Takeaways

- The Spanish DPA remains most active, and the Italian and Romanian DPAs are consistently issuing large numbers of fines.
- DPAs such as France, Norway and the Czech Republic have issued fewer fines but at much higher values.
