INTERNATIONAL CONFERENCE **FOOD CONTACT COMPLIANCE**

■ The Conference, in its fourth edition, is confirmed as a crucial event in outlining the international **Food Contact Compliance** scenario.

The **first day** will be initially dedicated to materials not yet regulated by the European Union: adhesives, coatings, papers and cardboards. In particular for paper and cardboard, the ongoing work on the Resolution of the Council of Europe will be illustrated. Subsequent to that, the theme of biodegradable plastics in contact with food will be tackled. An entire afternoon session will in the end be dedicated to NIAS and mineral oils, including a summary of the contents that emerged at the Munich Conference (March 29-30, 2017).

On the **second day**, in the morning, the state of progress of EU regulations will be presented. The criticalities of the mistakes found in migration tests will then be focussed on. The difference in EU-US estimation of exposure for plastics will also be further gone into and the activities of the JRC and the network of the main national laboratories reviewed. Following that, the characteristics of Tenax as a simulant for paper will be examined. The afternoon will be dedicated to the laws of some countries: USA, China, Mercosur, India, Russia. In conclusion, the state of the new Japanese legislation will be analysed.

On the **third day**, attention will be given to EFSA's future approach to food contact materials and the problem of inks (not yet regulated at European level) will be addressed. Particular importance will be given to the presentation on Bisphenol A and its regulatory status in the EU and US.

The Conference will close with a round table discussion dedicated to the future developments of the European law on plastics, where the hopes and fears of some of Europe's leading experts in the field will be aired.

CONFERENCE SECRETARY: Phone +39 (0)2 58319624 - fax +39 (0)2 58319677

formazione@istitutoimballaggio.it | WWW.ISTITUTOIMBALLAGGIO.IT | WWW.PACKAGINGMEETING.IT

09.00 - 09.25 REGISTRATION

09.25 - 09.30 Introduction to the conference
Mr. Luigi Rossi - Independent Strategic Advisor, Keller and Heckman LLP, Brussels

FIRST SESSION FOOD CONTACT MATERIALS TO BE REGULATED

MODERATOR:

Mr. Maurizio Boccacci Mariani - University of Rome "La Sapienza", Italy

09.35 - 10.10 Legislation in EU, in Member State and in USA on adhesives
Mr. Silvio Bassi - Regulatory Manager, Coim Group, Italy

10.10 - 10.45 Legal responsibility in the food packaging supply: case of the coatings and coated surfaces
Mr. Peter Oldring - Director Regulatory Affairs Europe, The Valspar Corporation, UK

10.45 - 11.15 COFFEE BREAK

11.15 - 11.50 GMP for Food Contact - a Global (EU, US, Asia) quality tool
Mr. Jürgen Towara - Head of Food Contact Consultancy Europe, Intertek, Germany

11.50 - 12.25 Biodegradable plastics and food contact applications
Mrs. Fernanda Farachi - Certification and Regulatory Affairs, Novamont, Italy

12.25 - 13.00 Tracking Migration - Adhesives in Food Packaging
Mr. Matthias Frischmann - Lab manager, Henkel, Germany

13.00 - 14.30 LUNCH

SECOND SESSION SELECTED HOT ISSUES AND BASELINE STUDY

MODERATOR:

Mr. Maurizio Boccacci Mariani - University of Rome "La Sapienza", Italy

14.30 - 15.05 Development of a robust screening approach for NIAS. Managing a Supply Chain's dialogue
Mr. Andrea Cassinari - Chair of Technical Committee, Giflex, Italy

15.05 - 15.40 Results of the Munich Conference in March 2017 on "NIAS and Mineral Oils"
Mrs. Anna Gergely - Director, EHS Regulatory, Steptoe & Johnson LLP, Belgium

15.40 - 16.15 How NIAS can be detected?
Mr. Malcom Driffield - Senior Analytical Chemist Packaging and MS Solutions Team Manager, Fera Science Ltd, York, UK

16.15 - 16.45 COFFEE BREAK

THIRD SESSION FOOD CONTACT REGULATED MATERIALS**MODERATOR:***Mr. Luigi Rossi - Independent Strategic Advisor, Keller and Heckman LLP, Brussels***09.00 - 9.40**

European law and developments

*Mrs. Rachida Semail - Partner, Keller and Heckman LLP, Brussels***09.40 - 10.10**

Frequently made mistakes when performing migration testing experiments

*Mr. Rob Veraart - Scientist, Keller and Heckman LLP, Brussels***10.10 - 10.40**

Differences in the estimation of exposure in USA and in EU and future possible scenario for the estimation of exposure in EU: regulatory consequences

*Mr. Ralf Eisert - Director Regulatory Affairs Food Contact, BASF SE, Germany***10.40 - 11.10**

COFFEE BREAK

11.10 - 11.40

The control in EU - the role of JRC as EU reference Laboratory and relationship with national reference Laboratories

*Mr. Eddo Hoekstra - European Commission, DG Joint Research Centre, Ispra, Italy***11.40 - 12.10**

Dry food packed in printed paper and board? Is Tenax an appropriate simulant?

*Mrs. Els Van Hoeck - Scientific Institute of Public Health, Brussels***12.10 - 12.40**

Title and speaker to be defined

*Dow***12.40 - 14.10**

LUNCH

FOURTH SESSION INTERNATIONAL LEGISLATIONS: USA, CHINA, JAPAN, MERCOSUR AND INDIA**MODERATOR:***Mr. Luigi Rossi - Independent Strategic Advisor, Keller and Heckman LLP, Brussels***14.10 - 14.50**

Basic of FDA and hot issues in USA

*Mrs. Mitzi Clark - Partner, Keller and Heckman LLP, Washington DC***14.50 - 15.30**

Interpreting of FDA Regulations (end tests- Basic Resin Doctrine-Cross references etc.)

Isola MADRE

FRIDAY | 22 SEPTEMBER 2017 | 15.00

"ISOLA MADRE
IS THE BIGGEST
OF THE VERBANO
ISLANDS"

ISOLA MADRE

■ It raises from the water with an enticing silhouette traced in the luxurious vegetation that covers the greatest part of it, as long as the squared palazzo in the southern part, which is also the highest. Isola Madre overlooks the Pallanza shores and, compared to Isola Bella and Isola dei Pescatori, looks secluded from the view. It was also the first to be inhabited. The first projects concerning the transformation of the island into a place of delights and a private residence started with Earl Lancillotto Borromeo, who choose to settle there for the mild weather. **Today the island is a little green Eden renowned all over the world for the refined botanical collections.**

HOW TO REACH US

SOME USEFULL TIPS ON HOW TO REACH TO HOTEL

ITALY

BAVENO

GRAND HOTEL DINO

CORSO GARIBALDI 20 - BAVENO (VB)

■ BY CAR

From Sempione Pass Switzerland, we suggest to go forward when SS 33 becomes Highway A26 and exit at Baveno-Stresa. From San Bernardino-Bellinzona-Locarno Switzerland just follow the main road keeping the lake always on your left hand side until you reach Baveno (SS 34 until Verbania, then SS 33 direction Milan).

If you come from Milan, get A8 in direction of the lakes (Laghi - Sesto Calende), go on to A26 direction Gravellona Toce. On highway A26 you may exit at Arona and then follow SS 33 up to Baveno for about 18 Km keeping the lake on scenic road on your right hand side. You may also go forward on A26 and exit at Carpu-gnino (forbidden to buses) where you'll find a narrow road going down to Bave-no (5 Km) with a wonderful panoramic view. Otherwise you can continue going till the exit Baveno-Stresa where the road will immediately reach the lakeside: you'll need to drive back to Baveno.

Main driving distances and times: Firenze Km 390 (4 hours driving) • Milano Km 80 (50 min driving) • Roma Km 650 (7 hours driving) • Torino Km 135 (90 min driving) • Venezia Km 350 (4 hours driving) • Verbania Km 15 (10 min driving) • Locarno Switzerland Km 45 (50 min driving).

■ BY PLAIN

The nearest airport is Milan Malpensa. From the airport you can reach Baveno by car, by bus, by train. The taxi service is available upon request at the moment of hotel booking. From the airport you can also take an autobus till the railway station of Gallarate and from there take a train till Baveno.

Moreover there is a service Alibus, the new shuttle bus direct from the airport to the main towns of the Lake Maggiore, can be booked upon request. If you prefer renting a car, go from the airport to highway A8 and then follow the above directions in the "by car" section.

Milano Linate National Airport Km 110 (75 min driving) • Milano Malpensa International Airport Km 45 (50 min driving) • Turin Airport Km 150 (2 hours driving).

■ BY TRAIN

Baveno is situated on the railway line Milano-Gallarate-Domodossola. The trains to Domodossola which stop in Baveno leave from the most important Italian railway stations.

Not all direct regional trains to Domodossola stop in Baveno. You are advised to consult the Trenitalia site before leaving [www.trenitalia.com].
